PROTECT YOUR BUSINESS TODAY

At GOOD Distribution, we are aware of the challenges you face when choosing an insurance carrier. Prior to becoming a wholesaler and manufacturer our background was in retail.

We knew with our shops selling CBD & Kratom in abundance we were going to need a policy that protected us with these high risk items. Concluding countless meetings with multiple different insurers, we finally found the perfect company to partner up with. They had no problem navigating around the yellow tape of CBD & Cannabis, been around 70+ years, & they license & insure companies in all 50 states!

Now, fast forward 5 years later, with no hiccups on our partners side & we have decided to start offering their amazing services to our clients! Our Cannabis/CBD/Smoke Shop Program provides high-quality protection at an exceptional value. Protect your business competitively & conveniently with only one agent, insurer and policy.
